

Leadership is about presence and crafting your own **authentic way of being**.
The path is through **experiential learning** with others..

Each of us has a **unique leader blueprint** waiting to emerge. **Tough Stuff™**
is the soil that allows for **expansion**.

You'll Learn **Three Vital Competencies**:

1. Leadership

- Increase strength of self-leadership and ability to manage constructively in any tense moment by mastery of a core set of interpersonal skills.
- Build your authentic signature presence.
- Leverage systems thinking to achieve business results.

2. Emotional Intelligence

- Practice emotional agility and gain a felt sense of improved awareness and regulation.
- Expand your capacity for empathy and active listening, especially when needed most.

3. Group Process

- See systemic patterns and be able to recognize and correct dysfunctional group patterns.
- Pick up tangible ways to create healthy and thriving group dynamics.

Tough Stuff™ workshops build engaged leadership in community.

- Experience 40 years of refined practice, developing agile leaders.
